

YOUR SINGLE SOURCE FROM CONCEPT TO DELIVERABLE.

GracoRoberts is proud to be the largest, fastest, and most technical aerospace specialty chemicals distributor in the world. GracoRoberts now provides the global aerospace community with immediate access to over 100,000 products – with 25,000 in-stock at any given time – an offering that redefines the customer experience and works to ease industry-related supply chain challenges.

As a premier full-service provider of engineered materials, we specialize in the distribution, formulation, and packaging of adhesives, sealants, surface treatments, paints, coatings, composite materials, shop consumables, and more. Our team of experts, including an on-staff Chemist, utilize this expertise to fulfill the needs of thousands of customers across aerospace and other advanced manufacturing markets across the globe.

CAPABILITIES

COMMITMENT TO QUALITY AND SERVICE

GracoRoberts and Resin Formulators are fully qualified to design, manufacture, and distribute products to a variety of industries. We are independently certified to three rigorous international quality standards: ISO 9001:2015, AS9100 (Rev. D) and AS9120 (Rev. B). To verify compliance with the requirements of these certifications, we engage in routine on-site examinations, self-reviews, and audits of our processes.

That, coupled with our standing as the only distributor/manufacturer to guarantee 100% inspection of every order from the point-of-entry to the point-of-shipment, ensures that the necessary controls are in place.

KEY PARTNERS AND BRANDS

DISTRIBUTION

At GracoRoberts, chemical distribution is about more than logistics. We are an authorized distributor for 30 specialty chemical leaders operating in aerospace and other advanced manufacturing markets, with access to over 1,000 suppliers. Our eight global fulfillment locations across the United States and Europe enable us to stock and distribute products on time, efficiently, and cost-effectively.

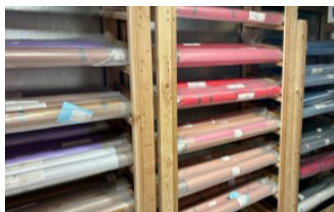

CUSTOM FORMULATION

Resin Formulators – exclusively engineered by the manufacturing division of GracoRoberts – it the time-tested and trusted brand of epoxy, urethane, and silicone specialty materials that can be uniquely customized and certified on-demand. Whether you need a proprietary formulation for a specialty material, are looking to improve cure rates, or simply modify color or viscosity, Resin Formulators can help. With a Boeing-trained on-staff Chemist, a lab designed for state-of-the-art formulation and testing, and over 50 off-the-shelf products, our innovative custom formulation division delivers high quality solutions.

SPECIALTY PACKAGING

Drive out cost and material waste, save time, and see productivity gains with GracoRoberts' specialty packaging services. Every product that leaves our warehouse can be enhanced with specialty packaging and dispensing, which help you ensure precision and safety with every application, eliminating waste and ensuring accuracy at the point-of-use. Working with our IATA-qualified packing team and hazardous specialists, you can tailor the amounts, choose the format, and modify the packaging to work as a complete solution for you and your team of engineers and project managers.

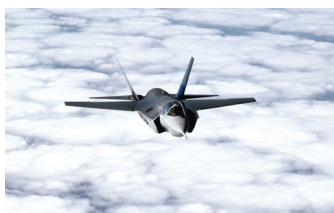

SHORT ROLL & CUSTOM-QUANTITY COMPOSITES

With the acquisition of Pacific Coast Composites, GracoRoberts helps customers save time and money by providing immediate access to pre-cut and custom quantity composite repair materials. We are authorized to provide custom kitting and slitting for 3M, Hexcel, and Isovolta, with the ability to source additional manufacturers for your unique needs. We provide exactly what you need, when you need it, with same day shipping options for AOG and line-down situations.

INTERMIX PAINT SERVICES

As an authorized distributor for AkzoNobel, we offer high-performance coating solutions for the OEM, MRO, defense, structural, and general aviation industries. This includes authorization from AkzoNobel to blend, repackage, and distribute for US customers through our Wichita-based distribution facility and color lab. Intermix Paint Services provide color tinting and blending of up to 10,000 possible colors. We also provide a wide range of custom sizing capabilities that enable us to offer economical solutions to customers while supporting short lead times with AOG and expedite options.

CLASSIFIED PROGRAM MANAGEMENT

Under the Graco Supply Company brand, GracoRoberts offers end-to-end supply chain management of specialty chemicals for classified military operations and programs. Our turnkey partnership with engineers, manufacturers, and end-users offers customers the classified-focused technical expertise, data, and specialty materials needed to reduce costs, improve quality, and receive on-time deliveries to achieve their supply chain initiatives.

VENDOR MANAGED INVENTORY (VMI)

We offer customized and convenient VMI, Stocking Agreements, and Long-Term Agreements for our aerospace, industrial and MRO customers to maximize procurement & stocking efficiencies and provide measurable cost-savings for your business. Our inventory management services can be tailored to meet your needs, and include services such as: min-max stocking, inventory reporting, usage analysis, consolidated invoicing, shelf-life management, temperature controlled storage, rapid right-sized packaging and labeling, lot tracking and traceability, and more.
