

## AEROSPACE MRO

### HELPING YOU RETURN TO FLIGHT FASTER

The GracoRoberts enterprise helps MRO professionals keep aircraft flying with fast, reliable access to the specialty chemicals and consumables they depend on every day. Across the GracoRoberts family of brands, we provide 100,000+ products from 1,000+ global suppliers—with 25,000 always in stock and ready to ship.

When downtime isn't an option, we deliver more than materials. With global fulfillment, world-class ecommerce, and 24/7 AOG support, you get the speed, availability, and technical expertise needed to keep operations moving.

From routine maintenance to urgent repairs, our team ensures you get the right products—when and where you need them—so you can minimize delays and return to service with confidence.

#### Our application technologies include:

- » Adhesives
- » Pastes

  - GracoRoberts.com
  - Silmid.com
  - SkyGeek.com
  - SkyMart.aero

AEROXCHANGE

- GracoRoberts Cage Code: 52004
- Sky Mart Cage Code: 056F6

**GRACOROBERTS AOG HOTLINE: 817-759-8499 | SKY MART AOG HOTLINE: 305-592-0263 (OPTION 2)**

#### Aerospace Coatings for MRO

GracoRoberts' Intermix Paint Services simplifies aerospace coatings procurement with fast, flexible solutions for MRO applications. As an authorized distributor for AkzoNobel Aerospace, we provide custom color blending, repackaging, and factory-packed coatings—all from our Wichita-based color lab and distribution facility.

From small-batch touch-ups to full repaint support, our solutions are designed to reduce lead times, streamline ordering, and keep aircraft flight-ready. Work directly with our Technical Paint Specialist to identify the right coating system for your application.
