

RIGHT SIZE. RIGHT FORMAT. READY TO PERFORM.

Reduce cost and material waste, simplify handling, and accelerate production with specialty packaging solutions from the GracoRoberts family of brands.

Key Benefits

- » **Lower total cost** by eliminating excess material
- » **Reduce waste** with right-sized packaging
- » **Save time** with pre-measured, ready-to-use formats
- » **Simplify hazmat handling** and regulatory compliance
- » **Improve accuracy** with consistent, controlled ratios
- » **Accelerate production** with faster prep and less downtime

What We Deliver

- » Specialty packaging, labeling, barcoding, and point-of-use dispensing
- » Custom formats designed around your application, volume, and workflow
- » Down-packing capabilities including:
 - Syringes, cartridges (single & dual), and tubes
 - Kits and pre-measured systems
 - Bottles, cans, pails, drums, and more
- » Pre-mixed, frozen, and ready-to-apply solutions
- » Custom labeling and contract packaging services
- » Cutting and kitting for advanced composite materials

Authorized Repackaging & Global Capabilities

- » GracoRoberts is authorized to repackage for AkzoNobel, Castrol, Henkel, Huntsman, Momentive, PPG Xylan, Resin Formulators, and customer-owned material
- » Pacific Coast Composites is authorized to repackage for 3M and Hexcel
- » Silmid is the only authorized AeroShell repacker in the UK
- » U.S. and UK operations supporting global distribution and export-ready packaging solutions
- » Hazardous materials expertise with IATA-certified handling

SPECIALTY PACKAGING

COMMITMENT TO QUALITY AND SERVICE

The GracoRoberts enterprise delivers trusted quality and security across the global aerospace supply chain. With certifications including AS9100D, AS9120B, ISO 9001:2015, ISO 14001:2015, ASA-100, FAA AC 00-56, CMMC Level II, and Cyber Essentials Plus, our organizations uphold strict standards for quality, compliance, cybersecurity, and traceability.

Backed by robust process controls and continuous auditing, we ensure every product meets the performance expectations of the industries we serve—delivered with speed, accuracy, and confidence.
