

# CAPABILITIES

## YOUR PARTNER FOR END-TO-END SUPPLY CHAIN SOLUTIONS

GracoRoberts is the largest, fastest, and most technical one-stop partner for aerospace specialty chemicals, delivering fully integrated solutions that go far beyond traditional distribution.

Through the GracoRoberts family of brands, we simplify complex supply chains by combining global sourcing, inventory management, specialty packaging, custom formulation, compliance, and fulfillment into one seamless experience—making it easier for customers to rely on a single, trusted partner.

With access to 100,000+ products from 1,000+ global suppliers and a customer base exceeding 60,000 worldwide, we bring together unmatched scale, speed, and technical expertise. From expedited AOG support and vendor managed inventory to custom formulation, defense logistics, and advanced packaging solutions, our capabilities are designed to reduce cost, improve efficiency, and accelerate operations. The result is a true end-to-end solution that minimizes downtime, simplifies procurement, and helps keep operations moving.

### COMMITMENT TO QUALITY AND SERVICE

The GracoRoberts enterprise delivers trusted quality and security across the global aerospace supply chain. With certifications including AS9100D, AS9120B, ISO 9001:2015, ISO 14001:2015, ASA-100, FAA AC 00-56, CMMC Level II, and Cyber Essentials Plus, our organizations uphold strict standards for quality, compliance, cybersecurity, and traceability.

Backed by robust process controls and continuous auditing, we ensure every product meets the performance expectations of the industries we serve—delivered with speed, accuracy, and confidence.

### **DISTRIBUTION AND AOG SUPPORT**

At GracoRoberts, chemical distribution is about more than logistics. We are an authorized distributor for 50+ specialty chemical leaders operating in aerospace and other advanced manufacturing markets, with access to over 1,000 suppliers. Our ten global fulfillment locations across the United States and Europe enable us to stock and distribute products on time, efficiently, and cost-effectively. GracoRoberts and Sky Mart both provide expedited AOG support designed to minimize aircraft downtime through rapid response, deep in-stock inventory, and global fulfillment capabilities.

### **CUSTOM FORMULATION**

Resin Formulators – exclusively engineered by the manufacturing division of GracoRoberts – is the time-tested and trusted brand of epoxy, urethane, and silicone specialty materials that can be uniquely customized and certified on-demand. Whether you need a proprietary formulation for a specialty material, are looking to improve cure rates, or simply modify color or viscosity, Resin Formulators can help. With an on-staff Chemist, a lab designed for state-of-the-art formulation and testing, and 100+ off-the-shelf products, our innovative custom formulation division delivers high quality solutions.

### **SPECIALTY PACKAGING**

Drive out cost and material waste, save time, and see productivity gains with GracoRoberts' specialty packaging services. Every product that leaves our warehouse can be enhanced with specialty packaging, labeling, and dispensing, which help you ensure precision and safety with every application, eliminating waste and ensuring accuracy at the point-of-use. Working with our IATA-qualified packing team and hazardous specialists, you can tailor the amounts, choose the format, and modify the packaging to work as a complete solution for you and your team of engineers and project managers.

### **CUSTOM-SIZED COMPOSITES**

Through Pacific Coast Composites, GracoRoberts helps customers eliminate waste, reduce costs, and improve efficiency by providing immediate access to pre-cut and custom-quantity aerospace composite materials. We are authorized to distribute and repackage for 3M and Hexcel, with the ability to source additional manufacturers for your unique needs. We provide exactly what you need, when you need it, providing rapid-response service and same day shipping options.

### **INTERMIX PAINT SERVICES**

As an authorized distributor for AkzoNobel, we offer high-performance coating solutions for the OEM, MRO, defense, structural, and general aviation industries. This includes authorization from AkzoNobel to blend, repackage, and distribute for US customers through our Wichita-based distribution facility and color lab. Intermix Paint Services provide color tinting and blending of up to 10,000 possible colors. We also provide a wide range of custom sizing capabilities that enable us to offer economical solutions to customers while supporting short lead times with AOG and expedite options.

### **DEFENSE LOGISTICS & COMPLIANCE**

Under the Graco Supply Company brand, GracoRoberts offers end-to-end supply chain management for military operations and programs. Our turnkey partnership with engineers, manufacturers, and end-users offers customers the defense-focused technical expertise, data, and specialty materials needed to reduce costs, improve quality, and receive on-time deliveries to achieve their supply chain initiatives. GracoRoberts is proud to be among the less than 1% of the Defense Industrial Base to achieve DoD CMMC Level II certification, ensuring secure and compliant defense supply chain support, while Silmid's Cyber Essentials Plus certification further reinforces our commitment to cybersecurity excellence.

### **VENDOR MANAGED INVENTORY (VMI)**

We offer customized and convenient VMI, Stocking Agreements, and Long-Term Agreements for our aerospace, industrial and MRO customers to maximize procurement & stocking efficiencies and provide measurable cost-savings for your business. Our inventory management services can be tailored to meet your needs, and include services such as: min-max stocking, inventory reporting, usage analysis, consolidated invoicing, shelf-life management, temperature controlled storage, rapid right-sized packaging and labeling, lot tracking and traceability, and more.
