

YOUR SINGLE SOURCE FROM CONCEPT TO DELIVERABLE.

GracoRoberts is the largest and most technically-focused specialty chemicals distributor serving the North American aerospace market. As a premier full-service provider of engineered materials, we specialize in the distribution, formulation, and packaging of adhesives, sealants, surface treatments, paints, coatings, composite materials, shop consumables, and more.

Our team of experts, including an on-staff Chemist, utilize our 140 years of aerospace materials expertise to fulfill the needs of thousands of customers across aerospace and other advanced manufacturing markets, in over 65 countries around the world.

But it is our uncompromising commitment to quality and service that truly sets us apart. We work alongside you to craft solutions that not only meet your requirements, but exceed your expectations.

CAPABILITIES

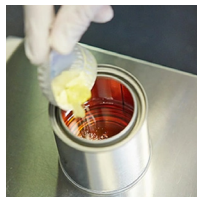

COMMITMENT TO QUALITY AND SERVICE

GracoRoberts and Resin Formulators are fully qualified to design, manufacture, and distribute products to a variety of industries. We are independently certified to three rigorous international quality standards: ISO 9001:2015, AS9100 (Rev. D) and AS9120 (Rev. B). To verify compliance with the requirements of these certifications, we engage in routine on-site examinations, self-reviews, and audits of our processes.

That, coupled with our standing as the only distributor/manufacturer to guarantee 100% inspection of every order from the point-of-entry to the point-of-shipment, ensures that the necessary controls are in place.

PARTNERS AND BRANDS

DISTRIBUTION

At GracoRoberts, chemical distribution is about more than logistics. We are an authorized distributor of marquis suppliers including 3M, Airtech, AkzoNobel, Castrol, Chemetall, Eastman, Henkel, Hexcel, Huntsman, ITW Polymers Adhesives North America, Mask-Off, Momentive, Resin Formulators, Scott Bader, Sika Advanced Resins, and Zip-Chem with the capability and resources to source additional products to meet your needs. Our seven distribution locations across the United States enable us to stock and distribute products on time, efficiently, and cost-effectively.

CUSTOM FORMULATION

Resin Formulators – exclusively engineered by the manufacturing division of GracoRoberts – is the time-tested and trusted brand of epoxy, urethane, and silicone specialty materials that can be uniquely customized, tested and certified on-demand. Whether you need a proprietary formulation for a specialty material, are looking to improve cure rates, or simply modify color or viscosity, Resin Formulators can help. With a Boeing-trained on-staff Chemist, and a lab designed for state-of-the-art formulation and testing, our innovative custom formulation division delivers high quality solutions that are uniquely engineered to meet your needs. We've served many of the biggest names in engineering, and have solved complex challenges in nearly every manufacturing industry for 60 years.

SPECIALTY PACKAGING

Drive out cost and material waste, save time, and see productivity gains with GracoRoberts' specialty packaging services. As part of our customer-focused and service-first approach, every product that leaves our warehouse can be enhanced with specialty packaging and dispensing. Our packaging and dispensing technologies ensure precision and safety with every application, eliminating waste and ensuring accuracy at the point-of-use. Tailor the amounts, choose the format, and modify the packaging to work as a complete solution for you and your team of engineers and project managers.

INTERMIX PAINT SERVICES

As an authorized distributor for AkzoNobel, we offer high performance aerospace coating solutions for the MRO, defense, structural, and general aviation industries. We are proud to be the only distributor with a color lab and exclusive authorization to color blend and repackage. Our Intermix Color Lab is renowned for color matching, color tinting, quality systems, and recertifying tints for the aerospace industry and we have thousands of colors available with Mica and Pearl capabilities. Our Intermix Paint Lab provides custom sizing capabilities that enable us to offer economical solutions to customers while supporting short lead times with AOG and expedite options.

CLASSIFIED PROGRAM MANAGEMENT

Under the Graco Supply Company brand, GracoRoberts offers end-to-end supply chain management of specialty chemicals for classified military operations and programs. Our turnkey partnership with engineers, manufacturers, and end-users offers classified-focused technical expertise, data, and specialty materials needed to support the production and repair of the aircraft that protect our nation. With a focus on confidentiality, communication, and trust, GracoRoberts' classified business customers benefit from reduced costs, quality improvements and on-time deliveries to achieve their supply chain initiatives.

VENDOR MANAGED INVENTORY

We offer customized and convenient VMI (vendor managed inventory) programs for our aerospace, industrial and MRO customers to maximize procurement and stocking efficiencies and provide measurable cost-savings for your business. Our just-in-time inventory management capabilities can be tailored to meet your needs, and include services such as: min-max stocking, inventory reporting, usage analysis, consolidated invoicing, shelf-life management, temperature controlled storage, rapid right-sized packaging and labeling, lot tracking and traceability, and more.
