Armite Laboratories, Inc. dba Armite Lubricants is AS9100D:2016 & ISO9001:2015 Certified and a Woman-Owned Small Business Manufacturer, Designer, and Global Wholesaler of Military Spec, Commercial Spec & Commercial Grade Chemical Compounds, such as Anti-Seize, Corrosion Inhibiting, Rust Penetrating, and Lubricating Compounds. Armite is Department of Defense NIST SP-800-171 Cybersecurity Compliant.

## CORE COMPETENCIES

Armite has nearly a century of manufacturing expertise producing mil-spec and commercial grade anti-seize, lubricating, corrosion preventive, and penetrating compounds. Our products support original manufacturers as well as maintenance, repair, and overhaul operations. We are most well known in the commercial aviation, aerospace, marine, and military sectors, but our products have valuable applications in a variety of industries from automotive to oil & gas to heavy manufacturing and construction.

### Products

- Mil-spec and industry spec anti-seize compounds
- Commercial grade anti-seize compounds
- 12|34®, a multi-purpose lubricant, corrosion inhibitor, penetrant, and moisture displacing compound certified to MIL-PRF-81309H

### Services

- White label programs
- Contract manufacturing
- Special orders

## PAST PERFORMANCE

Armite is a valued part of the global supply chain that keeps equipment lubricated and free from seizing, as well as other benefits ensuring the longevity of Armite's customers' assets. We are proud to be represented by many highly regarded distributors worldwide. Please see our website for a more comprehensive list of our distributors.

### Commercial

- Aviall Services, Inc.
- Boeing Distribution Services
- GracoRoberts
- PPG Aerospace
- VSE Aviation
- American Airlines
- Hawaiian Airlines
- Hartzell Propeller

### Government

- FLC Norfolk
- NAVSUP WSS
- Nellis AFB
- NUWC Keyport
- Seymour Johnson AFB
- Defense Logistics Agency
- SAIC

### International

- Aero Defence
- Aerospheres, Ltd.
- Aircraft Shop & Supply
- Asia Standard, Ltd.
- Fujimoto Yuka, Co. Ltd.
- JINO Innovation
- MABAYCO, Ltd.
- Sky Source, Inc.

## DIFFERENTIATORS

- Woman-owned and family operated
- Flexible and agile
- Manufacturing facility approved by the Department of Defense and The Boeing Company
- One week lead time with 24-48-hour typical service
- Emergency and AOG shipments
- In-house laboratory for product batch testing
- Sole manufacturer of Boeing spec anti-seize compound, BMS3-28A
- Armite's 12|34® is on the DOD Qualified Products Database certified to MIL-PRF-81309H Type 1 Class 2 CO<sub>2</sub> and Type 2 Class 1
